Anna Tullemans

Behaviour - Why & What to do

How to Teach & Support Neurodiverse Students

Sue Larkey (Teacher)

Teaching & Support Strategies - This course is designed for Teacher Assistants* to help support students with diverse needs to engage and learn. You can select topics of interest to you and your students. This method allows you to learn at your own pace. It also included great time savers e.g. templates ready to download and cheat sheets to use immediately. Sue Larkey in her first class had a child with Autism Spectrum who inspired her to specialise in Autism Spectrum. Sue formalized her speciality by completed a Masters in Education with a Major in Autism Spectrum.

Behaviour Strategies for Teacher Assistants to Support Neurodiverse Students

Anna Tullemans (Teacher Assistant, Parent, Consultant) & Sue Larkey (Teacher)

Behaviour - Why & What to do - In this course Anna & Sue share tips and strategies to understand why you often get behaviour and what to do. This course will help you know what to do when you see a behaviour and why. Providing proven strategies and tips. Everything from: Why you see good and bad days in Neurodiverse Students, Understanding Anxiety, Why your current strategies might not be working as well as Common Questions on Behaviour and What to Do. Includes template to create a Behaviour Plan & Case Study. Anna Tullemans passion for Autism Spectrum stems from her personal experience when her now adult son was diagnosed at the age of six. Her work includes helping implement many practical strategies for students in mainstream primary and secondary schools.
