- Sensory issues

WHO SHOULD ATTEND?

Teachers, Teacher Assistants, Early Childhood Educators, Parents, family members, care staff, educators, clinicians—anyone wanting to understand more about Autism Spectrum Disorder and how to support children and adults with an ASD. Particularly if cannot make it to Sue's Live Workshops.

"I got so much out of your online workshop. Your passion is obvious. There is not one aspect I would say to remove from your presentation. All my teachers completed your course. We aim to get together and plan strategies to assist our children. We have already trialled your 'box approach' to encourage children to bring in items that represent them. It was amazing watching the confidence grow with the children talking to their peers."

- Early Childhood Teacher

"We thoroughly enjoyed the PD and because we are working with a number of students on the spectrum, it makes sense now that what we have had success with one students, has totally been wrong for another students. We cant wait now to put more strategies in place."

- Primary School Teacher
